RESPONSE TO ELECTION OF SPECIES REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

June 4, 2007

Sir:

This is in response to the Office Action of April 4, 2007, requiring election among various species of the subject invention under the provisions of 35 USC § 121.

In the Office Action, it was indicated that claim 1 were generic to a number of species of the invention as disclosed in the specification. It was therefore required that applicants elect a single disclosed species for prosecution on the merits to which the claims shall be restricted in the event the generic claim was not found to be allowable.

Applicants hereby elect the **Species 2 - Fig. 4** for prosecution on the merits in the event the generic claim is not found to be allowable. From a review of the specification and claims, it would appear that the **claims 18-22 and 34 to 36 read on the elected** species. Applicants reserve the right to file one or more divisional applications directed to the subject matter of the non-elected species.
